Plibrico Refractory Products

Highly Durable Refractory Products that Deliver Quality Results

KEEP YOUR OPERATIONS RUNNING RELIABLY

You are under daily pressure to keep your operation running without disruption. People count on you to minimize risk and address issues quickly. You need a partner you can count on all day, every day, a partner with the expertise you can trust.

Plibrico provides reliable, high-quality durable refractories, that are developed for optimal performance and delivered to you on time, each time.

Every Plibrico refractory product is backed by knowledgeable application engineers who have decades of specialized experience in many key industries, giving us a deep understanding of what will work best for your customers. Our partners enjoy:

- Refractories that perform and exceed life cycle expectations
- Consistently reliable and easy to work with refractories
- Products delivered when you need them, on time, every time

LET OUR QUALITY AND EXPERIENCE SUPPORT YOUR SUCCESS

We know the care that goes into your day and the importance of relying on quality refractories to execute success. Our research and engineering teams work tirelessly to ensure that our refractories will stand the test of time and heat. Our premier products enable you to provide quality solutions for your valued customers.

- Castables Refractories and Gun Mixes
- Hydraulically and Chemically Bonded Refractories and Gun Mixes
- Service Mixes, Mortar, and Shotcrete Refractories

We are the trusted partner of many companies that serve the thermal processing industry. We help them, and we can help you keep your operations up and running. Reliably!

Contact us today to discuss your requirements.
